Good news from Italy for foreign Shooters!

Treviso, January 21th 2022

Dear Friends,

on December 21th 2021, the Italian Parliament has approved the the new law n°238/21 regarding the “Provisions for the fulfillment of obligations deriving from Italy's membership of the European Union”. The law part regarding the weapon rules, it was finally removed the ban for the semiautomatic pistols in 9 mm parabellum!

After the Christmas Holidays stop, on January 17th 2022, the text of the law was published on the “Gazzatta Ufficiale” n°12, which is the official publication of all the laws and decrees in force in Italy.

According with the Italian Constitution, after 15 days of the pubblication, the laws become effective then, starting from February 1st 2022, there will no longer any issue for the foreign shooters to bring in Italy their 9 mm parabellum semiautomatic pistols entered in their European Firearm Pass (EEP).

This is naturally an happy news both for the “beyond the Alps” shooters who will finally compete with their own gears and for the Italian match organizers who will also finally expect to see more competitors, no longer impeached to use the worldwide most used cartridge!

At this point, I hope to see you all on the future match we will set here...

warm regards!

Marco
