Match times:

Match starting times are binding. There will be no substitute start, once the shooter failed to be on the line in due time. Carefully check your starting times. In case of crossovers or other failures instantly notify the tournament management.

Rules:

The following rules apply to the whole tournament:

Rule books PPC-1500 (WA1500 and VSGÖ)

The articles 3, 4, 7.4, 10 and 11 of the "Österreichische Schießordnung" [*Austrian shooting regulation*] apply.

Protective glasses and hearing protectors are mandatory!

Weapon and equipment compliancy checks will take place on a random basis.

Score card:

For each match the shooter will receive a scoring card.

The original card is for the tournament management. The card has to be filled out properly. Corrections or erasures on the scoring card are not allowed. The signed card has to be delivered to the tournament management **within 30 minutes** after the end of the respective match.

The delivered card counts irrevocably.

Missing hits on a score card are unconsidered.

Excessive hits on a score card will be subtracted (the best) until the correct number of hits is reached.

Reclamations concerning this procedure are invalid.

Scoring:

Each shooter scores the target of his right neighbour. The shooter on the most right scores the target of range 1.

The shooter, who fired at the targets to be scored, is not present while his targets are scored. The scorer places the completely filled out scoring card with the targets.

After that the shooter controls the scoring card and his targets. In case he does not agree with the scoring, he brings his targets and scoring card to the jury (tournament management).

While his targets are scored the shooter is not present at his targets!

He does not take influence on the scorer. This would be considered unsportsmanlike conduct. The tournament management reserves the right to control these principles.

Awards:

In each match there will be medals for the first three places (according to overall results) and certificates for the first five places.

Announcements:

With his registration the shooter accepts that his name and shooting club will be published in the list of results and on the internet.

ATTENTION: The result lists will be published on the internet pages www.wa1500.org , www.klsv.at and www.polizeisportverein-klagenfurt.at/Grosskaliber.html .
