### Please note:

There will be used targets with white background.  
The matches 4-10 above will be scored Over All (Ranking 1 – 3). The matches 1-3 will be scored classified.  
Deviations from national sport/competition rulesets will be published on the websites ([wa1500.org](http://wa1500.org) / [bdmp.de](http://bdmp.de)).

**Weapons/ Equipment:**

There will be no general security and compliancy checks. So all risks and consequences are the participants own responsibility. Instead prior to competition start some participants will be randomly chosen by competition management for a weapon check.

None obedience to this procedure leads to disqualification. The envelopes of participants "starters manual" will be marked accordingly.

On application there will be checking tools available for the participants to self test/check their equipment.

Regular "Out of the box" / stock security features of the participants weapons must all be present and functioning.

Injuring this rule leads to disqualification.

Prior to competition start and in case of any doubt of compliance participants may present the respective weapons / weapon parts to Competition management for decision of compliance.

Also during the match Competition management and Range Officers can require participants to hand over their weapons, ammunition and equipment for checks.

None obedience to this rule leads to disqualification.

In case participants suspecting others to use none compliant weapons ammunition or equipment they are obliged to instantly report this to competition management.

**Ammunition:**

Magnum loads and high speed loads are prohibited. Maximum muzzle energy allowed is 600 Joule. Loads exceeding this limit are considered Magnum loads.

**Score card:**

For each match the participant receives a scorecard (in duplicate) the original of which is for competition management. The scorecard has to be supplied to Competition management within 30 minutes of the respective matches end.

**Once supplied a scorecard is final:**

Missing hits on a scorecard remain unconsidered on data input. Once on a scorecard a matches maximum possible hits are exceeded the exceeding hits will be deducted from top score to down score until the correct number of hits is reached. Reclamations to this this procedure will not be considered.

**Exception to this rule:**

Upon evident data transfer failures the participant may apply for a competition jury decision based on the participants actual hits on the original target which has to be supplied to the jury.

**Scoring procedure:**

Each participant scores the target of his right neighbor. The shooter most right scores the target on range 1. The scores are initially to be filled in the scoring tables on the original target. Then these are copied to the shooters score card. Failures on copying scores are instantly to be and are to be confirmed by signature. The scoring shooter stores the completed score card together with the targets.

**During the scoring procedure the shooter remains distant to its own target and the shooter is not allowed to take any influence on the scorers decision.**

Upon finalization of scoring the shooter controls its target, hits and the score card and signs it once agreeing. In case of none agreement no signature is required instead the scorecard and original target may be presented to competition management for final control and decision).

Competition management keeps the right to control and correct scorings according to the principle of randomness or on given event. Any manipulation of the scorecard will force a disqualification for the competition. A protest against this disqualification is not valid.

**Awards**

In Match 1,2,3 there will be medals for the first three places (classified), in Match 4,5,6,7,8,9,10 (over all)

The award ceremony starts Sunday October 23, 5.00 p.m. approx..

**Autumn Trophy**

The "Autumn Trophy" will be competed as an aggregate-score as follows:

**Pistol aggregate of: 1500 Pistol / Distinguished Pistol / Standard Semi Automatic Pistol Revolver aggregate of: 1500 Revolver / Distinguished Revolver / Standard Revolver 4"**

**Range Officer:**

Orders of Range Officers are obligatory. There are no disputes allowed on the range.

Objections to Range Officer decisions have to be made with the competition management.

**Competition Management:**

Competition Management decides on disputes in all cases.

Objections to decisions of Competition Management are governed by the rules of A 4.10.1.2. of the Sport Ordnung (SpO) and protestable with the competition jury.

**Jury (A.4.10.2 SpO):**

The Competition Jury is comprised of 3 shooters with the minimum qualification as Master.

Competition Jury's decisions are final and binding.

**Alcohol/Drugs:**

Alcohol is (simply) prohibited with disregard to type and quantity. Any participating shooter using alcohol will be disqualified and his participation will terminate.

This also includes that all his scorings previously achieved will be nulled and the competition fee will decay.

**Outfit:**

According to the sports character of this event participants are not assumed to wear para military clothing nor such with offending motives.

**Other:**

The compensation for volunteering Range Officers is Euro 30,-- for a job of about 3 h.

To apply for compensation please use the travel cost form. We will compensate for the amounts stated there up to the maximum a.m..

Upon not sufficient volunteers being available any participating shooter can be obliged to assist unpaid.

**Privacy policy:**

With this registration the shooter accepts that his name and other necessary data will be published in the list of results and on internet.

**Changes:**

Remember changes the tender reserved.
